

Dr. Karen J. Dover, M.D.
laser & cosmetic medicine

GREETINGS OF THE SEASON TO ALL....

It's been an exceptionally busy and fulfilling year.....

Here are some of the highlights of 2008....

- Invited guest on CTV News at Noon with Leanne Cusack, to discuss some of the uses of Restylane for volume and contour modification, as well as the advances in lasers in cosmetic medicine—February 12th (please visit www.kjd-md.com for the full interview)
- National Women's Show at the Ottawa Congress Centre, as a guest of Medicis, producers of the Restylane family of products—March 28th

- American Society of Laser Medicine and Surgery Annual Conference in Florida, in which leading-edge laser science is explored by world leaders in an in-depth and thought-provoking manner—April 2-6th
- Invited guest by Allergan to the FACE workshop for Advanced Injectors of BOTOX, Toronto—April 27th
- Artists' Workshop with Shawn McNevin, Gros Morne National Park, Newfoundland—May 30-June 6th
- Clay Sculpting Summer Workshop with Chandler Swain, Blakeney, Ontario—July 21-25th (come & see the results)
- Controversies and Conversations in Laser and Cosmetic Surgery, Whistler, B.C.—the most exciting meeting of the year—myths are debunked, experts are challenged, & creative and innovative approaches are embraced—August 8-10th
- University of Ottawa Heart Institute, 2nd Annual Jeanne Fuller Red Dress Charity Golf Classic—Sponsor, Donor, and Participant—total funds raised \$67,000—September 8th
- Invited Guest Speaker, National Women's Show, Ottawa—September 28th
- Ashbury Governors' Ball, Silent Auction Donor—October 18th
- Annual Donor to the REACH Silent Auction, to raise funds for the provision of legal services for Adults with Disabilities, October 25th
- Donor of Advanced Skin Care Products for Joan of Arc Academy fundraiser—December 18th (www.kjd-md.com)

WHAT'S NEW at KJD-MD?

- Vivier's CE Kinerol, an evolution of the C&E serum, with the enhanced benefit of peptides— an excellent product to help repair, correct, nourish and protect your skin
- La Roche-Posay product line, including your established favourites Anthelios XL, Cicaplast, and Hydraphase UV 30, is now available at KJD-MD
- Introduction of the new La Roche-Posay Biomedic LHA Chemical Peel, exclusively available from an MD and the service is provided by Dr. Dover—a pre-peel regimen is recommended, but it may be ideal for your skin on its own.... Please call 613.715.9900 for further details
- Palomar's resurfacing laser is proving to be the treatment-of-choice for acne scarring, post-surgical scarring and is quite impressive for mild, moderate and often severe wrinkling
- Palomar's Lux G, for pigmentary and vascular issues, is now considered a gold standard for the treatment of facial redness and distinct vessels; it's ability to improve the dullness and spottiness of dyschromia is remarkable
- Fat reduction is still being explored with great interest and a new approach is in the works.....stay tuned!!
- For more details, please visit the website @ www.kjd-md.com or call 613.715.9900

—ON THE HORIZON—

- Homemakers' Magazine article by Julie Beun-Chown, to appear in the New Year, addressing issues of winter skin care
- Launch of GLOMINERALS make-up, an exclusive line ideal for post-laser, melasma, rosacea, and daily use...
- Hosting in-office, small-group, information rendez-vous, tailored to your needs and interests, and with demonstrations of new and established techniques and technologies upon request. (Please call 613.715.9900 for further details)

I hope this finds you well and thriving, and enriched in your daily lives. I thank you all for your loyalty and dedication. I have thoroughly enjoyed helping you in achieving your aesthetic and personal goals over the past many months, knowing that I could not have done so without your continued support and determination.

Both Judy and I wish you and yours the very best in peace and personal fulfillment in the year to come.

Cheers,

Dr. Karen J. Dover, M.D.
